

February 18, 2021

PHOENIX, Feb. 18, 2021 (GLOBE NEWSWIRE) -- Mesa Air Group, Inc. (NASDAQ: MESA) today reported Mesa Airlines' operating performance for January 2021.

Mesa Airlines reported 25,359 block hours in January 2021, a 33.8 percent drop from January 2020 as a result of reduced schedules during the COVID-19 pandemic. The company also reported a controllable completion factor of 99.96 percent and 100 percent for its American and United operations, respectively.

Operating statistics for January 2021 and fiscal year 2021 YTD are included in the table below.
